

Coming to Choice Pigeon on November 25th to December 2nd 2018

The finest collection of prospect breeders ever offered by **Seamans Family Lofts** to the fanciers of North America.....year after year the pigeons from the SFL breeding program make a consistent impact in some of the premiere performance lofts on our continent.

Now 9 years into our breeding program our second and third generation pigeons are consistently at the top of the results in the derbies flying against the top birds in Canada, the USA and now from limited entries South Africa!!

“The test of a pigeon is the race and the test of a family is time”

The true sign of a successful pigeon breed is the ability to increase the performance of the lofts they enter no matter where they are located.....The Grootjans, Embregt-Theunis and Seamans Family Lofts pigeons have a long track record of excellence doing just this !!

Under different management and over a variety of courses these pigeons are doing it consistently in 5 different countries.....from desert to high humidity, these birds can pull it off.

If you have a need for speed with the natural health, heart and ruggedness these birds require to be successful in today's super competitive money race series, from 100 to 400 miles our fast maturing babies are tearing up the skies....

Some of the biggest names in the sport have been or are now breeding successfully from there SFL reinforcements and year after year our pigeons are acquired by the same fanciers which is always a clear indication as to the success they are having with their SFL pigeons.
